C CRISP

Crisp beers are lighter, cleaner in flavor, and crisply refreshing. They range in color from straw to amber, have low to medium abvs, and are light to medium in body.

W WHEAT

An Americanized version of a Hefe Weizen, these beers range within the pale to golden range in color. Hop character will be low to high, most are moderate in bitterness. May be some fruitiness from fermentation though most examples use of a fairly neutral ale yeast, resulting in a clean fermentation. Abvs range from 4 to 7%.

M MALTY

Malt-driven flavors dominate the flavor profiles of these brews; in each, expect a degree of sweetness and deep malty notes of nuts, toffee, caramel, toast, and fruit. These beers range from copper to dark brown in color, from light to full bodied, and low to high in abv.

F FRUIT

These beers are most notable for the bold fruit they possess; fruits and spices are sometimes added to further accentuate such flavors. These brews may be sweet, semi-dry, or dry, but are never overtly bitter. Abv ranges from low to high, body is low to high and color ranges from golden to dark brown.

H HOPPY

These brews have delicious aromas and pronounced bitterness derived from generous additions of hops. Hops in these brews will always provide the most intense flavor contribution. These beers range from medium to full bodied, yellow to brown in color, and low to high abvs.

S STOUT

Stouts are typically opaque. The nose should be grainy and can carry hints of coffee, chocolate, licorice, and molasses with no apparent hops. The flavor is similar to the nose and should be rich and full. A good stout can be silky, full, and creamy. Abvs range from 4 - 9%.
